

## QUI JAR PATTERN

### DCBG Fall 2025 Bingo Door Prize

#### Materials:

2" Slotted Base  
¼" Flat/Flat Oval Reed  
Small Seagrass - 9" minimum  
3 mm Flat Oval Reed – 210"  
Glue  
QUI Yogurt 5 oz. Jar (remove glue residue)

**Directions:** From ¼" Flat/Flat Oval reed, cut 17 stakes, each 4" Long; angle ends to insert. Insert and glue stakes spaced evenly around base.

Using a spray bottle, dampen the stakes; avoid getting the base wet.

Using 3 mm flat oval reed, continuously weave tightly around the jar, using the jar as a mold; pack rows as you weave, until you are under the lip of the jar.

Cut the top off all of the stakes even with the bottom of the jar lip.

Using a small paint brush or other applicator, apply glue directly on stakes under the lip approx. the same width of the seagrass.

Apply a piece of small seagrass on top of the glue to cover this area. Abut the ends of the seagrass; clip to the jar. Let set.

Using an ultra-point or similar Sharpie, add DCBG, your initials, and 2025 on the bottom of the base.
